Dear Shareholder,

Equity Financing Facility and Notice of General Meeting

1. Background

The Company announced on 22 February 2017 that it had entered into an equity financing facility with Bracknor pursuant to which Bracknor has committed to fund the Company by subscribing for up to £26,000,000 in nominal value of Notes over a two-year Commitment Period. Each Tranche of Notes shall be accompanied by Warrants to convert into such number of Ordinary Shares as has a nominal value equal to twenty per cent. (20%) of the nominal value of the relevant Tranche, divided by the relevant Warrant Exercise Price.

On 22 February 2017, the Company requested the drawdown of the Initial Tranche of Notes in the amount of £1,300,000, for which it received a Subscription Price of £1,235,000. Upon the date of issue of this Initial Tranche of Notes to Bracknor, Bracknor also received 302,325 Warrants, calculated in accordance with the terms of the Subscription Agreement, exercisable at the Initial Warrant Exercise Price. In addition, Bracknor received Notes with a nominal value of £70,000 in settlement of (i) the Initial Commitment Fee and (ii) £30,000 towards Bracknor’s legal fees, which are payable by the Company.

From the Initial Tranche of Notes, Bracknor converted Notes with a nominal value of £100,000 into Ordinary Shares on 27 February 2017 at a Conversion Price of 57 pence per share. The number of shares issued to Bracknor as a result of this conversion was 174,185 Ordinary Shares, plus an additional 5,225 Ordinary Shares in satisfaction of the applicable Conversion Fee.

If Resolution 1 in the attached Notice of General Meeting is approved, the Company will be able to request the drawdown of subsequent Tranches in the amount of £1,300,000 each, for which AVO will receive a Subscription Price of £1,235,000. Upon the issue of Notes, from time to time, AVO will also issue to Bracknor a number of Warrants to be calculated in accordance with the terms of the Subscription Agreement and exercisable at the Warrant Exercise Price calculated at the date of their issuance.
The remaining £740,000 of the Commitment Fee payable to Bracknor for providing the Facility will be settled by the issue of a further 74 Notes on the Business Day following the date of passing of Resolution 1 to be proposed at the General Meeting.

Under the terms of the Subscription Agreement, subject to approval of Resolution 1, AVO is obliged to accept drawdown of not less than £13,000,000 nominal value of Notes (for which the Company would receive £12,350,000), together with attached Warrants, should Bracknor request it to do so. However, AVO may reject the timing of up to two Investor Calls during the Commitment Period, in which case Bracknor cannot serve another Investor Call Notice for 20 Business Days.

The Notes are convertible into Ordinary Shares within 12 months of issue. Upon receipt of a conversion notice from Bracknor, the Company can elect to redeem in cash up to half of the Notes which are the subject of the notice, instead of converting them into Ordinary Shares. On conversion, a Conversion Fee (being three per cent. (3%) of the nominal value of the Notes to be converted) is payable by the Company to Bracknor. This fee may be satisfied in cash or by the issue of new Ordinary Shares, at the option of the Company.

If the Commitment is drawn down in full prior to the expiry of the Commitment Period, the Company may choose, at its entire discretion, for an additional Commitment Fee, to renew the Facility for up to a further £26,000,000, on substantially the same terms. The issue of further Notes under such a renewed Facility would require additional authority from Shareholders.

A summary of the key terms of the Facility is set out in Part II of this circular.

The purpose of this document is to explain the background to the Facility and why the Board believes the Facility is in the best interests of the Shareholders taken as a whole and recommends that you vote in favour of the Resolutions.

2. Use of proceeds

When I last wrote to you in October 2016 to announce the Open Offer carried out by the Company at that time, I confirmed that the Company was exploring financing plans which would be non-dilutive to existing Shareholders. Although we continue to explore such options, the Directors believe that the amount of funds potentially available under the Facility, and the flexible financing terms of the Subscription Agreement, are in the best interests of Shareholders as they will allow the Company to progress towards production and installation of its first LIGHT system in Harley Street, London. The proceeds will also be allocated for general working capital purposes. It is our conviction that had the Company gone to the market to raise £13m, an amount equivalent to the minimum commitment vis-à-vis Bracknor, such financing would likely have been done at a significant discount to our market value. The ability to stage the drawdown of the Tranches over two years provides the opportunity for the Company to benefit from positive news flow during that period.

3. General Meeting and Resolutions

The Company’s existing authorities are sufficient for the issue of new Ordinary Shares in respect of the issue and conversion of the Initial Tranche of Notes and their associated Warrants, and the satisfaction in Notes of the Initial Commitment Fee and Bracknor’s legal costs. The Board is therefore seeking shareholder authority for the issue of further equity securities in relation to additional Tranches, Warrants, Commitment Fees and Conversion Fees.

At the end of this document is a notice convening the General Meeting to be held at the Royal Institute of British Architects, 66 Portland Place, London W1B 1AD on 31 March 2017 at 4:00 pm at which resolutions will be proposed to grant the Board authorities to issue equity securities, including pursuant to the terms of the Subscription Agreement, and to disapply applicable pre-emption rights.
Drawdown of additional Tranches under the Facility is conditional, inter alia, upon the passing of Resolution 1. In the event that Resolution 1 is not passed, the Company will be unable to draw down further Tranches under the Facility.

The total number of Ordinary Shares to be issued pursuant to the Facility cannot be calculated at this time as it depends, amongst other things, upon how many Tranches are drawn down and the share price of Ordinary Shares in the period leading up to any conversion of Notes or exercise of Warrants. Accordingly, the figures in Resolution 1 are based on the Closing VWAP on the last practicable date before the posting of this circular, being 44 pence per Ordinary Share. Based on a Conversion Price of 44 pence and an estimated Warrant Exercise Price of 57 pence (being 130% of the Conversion Price), the Company would have to issue a maximum total of up to 71,067,491 new Ordinary Shares under the Subscription Agreement (representing approximately 98 per cent. (98%) of the current issued share capital of the Company), if the full Commitment were to be drawn down. The Board has applied these numbers when determining the figures in Resolution 1. The authority granted by Resolution 1 will expire on 31 March 2019.

Resolutions 2 and 3 provide additional authority to the Board, pursuant to sections 551 and 570 of the Companies Act 2006, to allot Ordinary Shares.

Resolution 2 will permit the issue of Ordinary Shares pro rata to existing Shareholders and the issue of Ordinary Shares otherwise than to existing Shareholders for non-cash consideration. The number of Ordinary Shares that may be issued pursuant to the authority in Resolution 2(b) will be limited to such number of Ordinary Shares as has an aggregate nominal value of £6,055,975.00, which equates to approximately one third of the Company’s issued share capital at the date of this circular. This authority will expire at the conclusion of the Annual General Meeting of the Company to be held in 2018, unless previously renewed, varied or revoked by the Company in general meeting.

Resolution 3 will permit the issue of Ordinary Shares for cash other than pro rata to existing Shareholders. The number of Ordinary Shares that may be issued pursuant to this authority will be limited to such number of Ordinary Shares as has an aggregate nominal value of £1,816,792.50, which equates to approximately ten per cent. (10%) of the Company’s issued share capital at the date of this circular. The authority granted under Resolution 3 will also expire at the conclusion of the Annual General Meeting of the Company to be held in 2018, unless previously renewed, varied or revoked by the Company in general meeting.

The authorities sought at the General Meeting will replace those granted at the Annual General Meeting of the Company held on 30 June 2016. The new authorities are being sought specifically to allow the Company to implement the Facility and more generally to maintain flexibility in the financing of the Company and to enable the Board to take advantage of business opportunities as they arise.

4. Action to be taken by Shareholders

A Form of Proxy for use by Shareholders in connection with the General Meeting is enclosed. Shareholders are requested to complete and return the Form of Proxy in accordance with the instructions printed on to the Company’s Registrars, Capita Asset Services, PXS, 34 Beckenham Road, Beckenham, Kent BR3 4TU as soon as possible, but in any event no later than 4:00 pm on Wednesday 29 March 2017.

CREST members may appoint proxies by using the CREST electronic proxy appointment service and transmitting a CREST Proxy Instruction in accordance with the procedures set out in the CREST Manual so that it is received by Capita Asset Services (under CREST ID: RA10) by no later than 4:00 pm on Wednesday 29 March 2017. The time of receipt will be taken to be the time from which Capita Asset Services is able to retrieve the message by enquiry to CREST in the manner prescribed by CREST.
Completion and return of a Form of Proxy or transmitting a CREST Proxy Instruction will not prevent a Shareholder from attending the General Meeting and voting in person should he or she wish to do so.

5. **Recommendation**

Your Directors believe the Facility and the terms of the Subscription Agreement, and the Resolutions to be proposed at the General Meeting, are in the best interests of the Company and its Shareholders as a whole. Accordingly, the Board recommends that you vote in favour of the Resolutions as the Directors who hold shares in the Company have irrevocably undertaken to do in respect of their own beneficial shareholdings amounting, in aggregate, to 15,387,515 existing Ordinary Shares, representing approximately 21 per cent. of the issued share capital of the Company at the date of this circular.

Yours faithfully

**Dr Michael Sinclair**  
*Executive Chairman*
PART II
THE FACILITY

The following is a summary of the key terms of the Subscription Agreement pursuant to which the Facility has been made available to the Company.

The Notes

- Under the terms of the Facility, Bracknor has committed to fund the Company by subscribing for up to £26,000,000 in nominal value of Notes over a two-year Commitment Period. Each Tranche of Notes will have a nominal value of £1,300,000. The Subscription Price for each Tranche of Notes is £1,235,000, representing ninety-five per cent. (95%) of their nominal value.

The Warrants

- Each Tranche of Notes shall be accompanied by Warrants to subscribe for such number of Ordinary Shares as has a nominal value equal to twenty per cent. (20%) of the nominal value of the relevant Tranche, divided by the relevant Warrant Exercise Price. The exercise price of the Warrants will be adjusted in certain circumstances, including if the Company issues Ordinary Shares at a price that is lower than the Closing VWAP or the Warrant Exercise Price, or if it issues preference shares or carries out a capitalisation of reserves to increase its share capital. The exercise period of the Warrants is four years from the date of issue.

Minimum drawdown

- Under the terms of the Subscription Agreement, subject to approval of Resolution 1 in the attached Notice of General Meeting, the Company is obliged to accept drawdown of not less than £13,000,000 nominal value of Notes, together with attached Warrants, should Bracknor request it to do so. However, the Company may reject the timing of up to two Investor Calls during the Commitment Period, in which case Bracknor cannot serve another Investor Call Notice for 20 Business Days.

Timing

- Drawdown of a Tranche of Notes cannot be requested by either party without the written consent of the other unless (i) all previously issued Notes have been converted into Ordinary Shares or (ii) a period of five Business Days has elapsed since the date of transfer of funds to the Company in respect of the previous Tranche of Notes issued.

Warranties and covenants

- The Subscription Agreement contains certain covenants by, and warranties from, the Company in favour of Bracknor. It is a condition of drawdown of any Tranche of Notes that these covenants have been complied with and that there is no existing breach of warranty, and also that no event of force majeure has occurred which would prohibit or substantially interfere with the Company’s ability to perform its obligations under the Subscription Agreement in any material respect.

Events of Default

- The Subscription Agreement sets out a number of Events of Default, the occurrence of which would give Bracknor the right to terminate the Subscription Agreement. These Events of Default include a material default by the Company in the due performance of its obligations under the Subscription Agreement, a change of control of the Company, certain insolvency events and the delisting of the Ordinary Shares from AIM. Upon termination of the Subscription Agreement as a
result of an Event of Default, the rights attaching to any outstanding Notes or Warrants at that date would remain unaffected.

Conversion

- The Notes must be converted into Ordinary Shares within twelve months of issue at a Conversion Price equal to the lowest Closing VWAP during the fifteen (15) Trading Days immediately preceding the Conversion Date. Upon receipt of a conversion notice from Bracknor, the Company can elect to redeem up to half (50%) of the Notes which are the subject of the notice by way of a cash payment, instead of converting them into Ordinary Shares.

Commitment Fee

- In consideration of Bracknor providing the Facility, the Company will pay a Commitment Fee to Bracknor equal to three per cent. (3%) of the nominal value of the Commitment. Such fee is to be settled by the issue to Bracknor of Notes with a nominal value of £780,000. The first £40,000 nominal value of these Notes was issued with the Initial Tranche of Notes. The balance will be issued on the Business Day following the date of passing of Resolution 1.

Legal fees

- The Company has also agreed to pay £40,000 towards the legal fees of Bracknor incurred in relation to the Facility. £10,000 of this sum was paid in cash and the balance was settled by the issue to Bracknor of Notes with a nominal value of £30,000.

Conversion Fee

- On conversion, the Conversion Fee (being a sum equal to three per cent. (3%) of the nominal value of the Notes to be converted) is payable by the Company to Bracknor. This fee may be satisfied in cash or Ordinary Shares, at the option of the Company.

Par value of Ordinary Shares

- Under the terms of the Subscription Agreement, if the closing price of the Ordinary Shares is lower than 110% of their par value for a period of more than 10 consecutive Trading Days the Company must convene a general meeting of Shareholders within 45 days to propose a reduction of the par value of the Ordinary Shares by not less than half.

Short selling

- Bracknor has undertaken not to short sell (as such term is defined in the EU Short Selling Regulation (Regulation 236/212)) Ordinary Shares during the Commitment Period, provided that Bracknor may short sell up to 120% of the number of Ordinary Shares to be issued upon a conversion of Notes or an exercise of Warrants between the date such conversion or exercise is announced on a Regulatory News Service and the date such conversion or exercise takes effect.

City Code

- Bracknor, together with persons acting in concert with it (as such term is defined in the City Code on Takeovers and Mergers) has agreed that it will not, at any time, hold a number of Ordinary Shares that is higher than 29.9% of the issued share capital of the Company from time to time. If automatic conversion of Notes upon their 12 month maturity date would cause Bracknor to breach this covenant, then conversion of such number of Notes as would increase Bracknor’s holding to over 29.9% shall be delayed until such conversion can occur without the limit being exceeded.
Right to transfer

- The Notes and the Warrants may not be assigned or transferred by Bracknor without the prior written consent of the Company unless such assignment or transfer is to an Affiliate of Bracknor.

Option to renew

- If the full amount available under the Facility has been drawn down prior to the end of the Commitment Period, the Company has the option, in its sole discretion, to renew the Commitment for up to a further £26 million on the same terms. Such renewal will require payment of a further Commitment Fee.
